7	8	9	5	very long but comprehensive presentation, a bit long. maybe save some of the technical details for the report? unfortunate that it does not work better. could be cool if it worked.

5	7	10	5	more than 15 min presentation

7	8	9	7	a bit hard to understand the presentation as it was. rather complex, maybe should have made it a bit more simple. Shame that it didn't work. nice idea.
